URGING DEPARTMENT OF HEALTH, EDUCATION AND WELFARE TO RECONSIDER PROPOSED CLOSING OF EDUCATION DEVELOPMENT BRANCH OF THE DIVISION OF DENTAL HEALTH OF THE PUBLIC HEALTH SERVICE

WHEREAS, The Department of Health, Education, and Welfare has under active consideration a decision to close the Education Development Branch of the Division of Dental Health of the Public Health Service, located in the Richmond District at 14th Avenue and Lake Street, and proposes to move its 62 employees to Bethesda, Maryland; and

WHEREAS, The present facilities were recently improved at a cost in excess of $50,000 and represent a unique and unduplicated facility in which to conduct the center's famed services to the public and to the profession; and

WHEREAS, The relocation of the facility would mean a loss to the economy of the Bay Region of some $1,300,000 in payroll and $700,000 in goods and services each year; and

WHEREAS, Such a relocation would cost the taxpayers further hundreds of thousands of dollars in moving costs and cause disruption to many families; and

WHEREAS, Many of the programs of the Education Development Branch are conducted for the benefit of Bay Area and other western dental training institutions; and

WHEREAS, Such a closing would appear contrary to the intent of the Congress, recently expressed, of keeping open the U. S. Public Health Service Hospitals, of which the facility is an important adjunct; and

WHEREAS, Such a closing would appear to contravene policies of the National Administration to locate facilities outside of Washington, D. C. rather than to centralize facilities; and

WHEREAS, The general public, and in particular residents of the immediate neighborhood acting through the Planning Association for the Richmond, have expressed opposition to the closing of the Education Development Branch; now, therefore be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the Department of Health, Education and Welfare to reconsider the proposed closing of the Education Development Branch of the Division of Dental Health of the Public Health Service; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded immediately to his Honor, the Mayor, for transmittal to our Federal Legislative Representative and presentation by the latter to the members of San Francisco's delegation in the Congress, to the Honorable Caspar W. URGING NORTH CENTRAL COAST REGIONAL COMMISSION TO CEASE EFFORTS TO ENFORCE INTERIM ZONING CONTROL ORDINANCE

WHEREAS, The North Central Coast Regional Commission was established by the Coastal Zone Conservation Act to protect the environment of the north central California coast; and

WHEREAS, Said Commission has authority to issue permits for construction within the coastal boundaries that will assure access to public beaches, recreation areas, and wildlife preserves; impose conditions on the disposition of solid and liquid waste treatment; and assure minimum adverse effect to scenic resources and minimum danger of floods, landslides, erosion, siltation, or failure in the event of an earthquake; and

WHEREAS, The authority of the North Central Coast Regional Commission does not extend to the enforcement of local zoning laws; and

WHEREAS, The Board of Supervisors of the City and County of San Francisco adopted on February 6, 1974 an interim zoning control ordinance (Ord. No. 65-74), which established strict zoning controls throughout San Francisco for a period of 28 months, retroactive to December 17, 1973; and

WHEREAS, The North Central Coast Regional Commission has disapproved applications for construction permits in the Sunset district on sites far removed from the public beach that in no way obstruct access to the beach or violate the conditions for permits set forth by the Commission; and

WHEREAS, The Commission has based its disapproval of the permit applications, in part, on the grounds that said permits allegedly do not comply with the San Francisco interim zoning control ordinance; and

WHEREAS, The Commission has no authority to enforce by indirect means a San Francisco zoning ordinance, and furthermore, the subject permit applications predate the retroactive date of the interim zoning control ordinance; now, therefore be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the North Central Coast Regional Commission to cease its efforts to enforce by indirect or direct means the local interim zoning control ordinance, over which it has no authority; and be it

ENDORSING THE INITIATIVE PETITION CALLING FOR THE ESTABLISHMENT OF A UNICAMERAL LEGISLATURE IN THE STATE OF CALIFORNIA.

WHEREAS, In 1964, the United States Supreme Court in its decision, Reynolds v. Sims, declared that both houses of the State Legislature must be representative of population; and

WHEREAS, This decision rendered the current bicameral system obsolete; and

WHEREAS, The rising cost of government magnifies the importance of cutting back on bureaucratic expenses; and

WHEREAS, The current initiative petition being circulated by citizens of California creating a unicameral house would allow for representation from ninety-nine districts of approximately equal size; and

WHEREAS, These ninety-nine districts would be smaller than the current districts of representation in our State Legislature, and, therefore, more reflective of local communities; and

WHEREAS, With the creation of one house in the legislature, legislators would be able to devote more time to State business as their terms of office would be longer, thus eliminating the necessity of campaigning every two years; and

WHEREAS, There is reason to believe that minority peoples currently suffering from lack of representation in Sacramento would have a greater likelihood of electing a member of their own minority group to the legislature under the ninety-nine district system; and

WHEREAS, The one-house legislature would be more efficient and economical in that with twenty-one fewer legislators there would be a resultant reduction in election expenditures, legislative staff salaries, office materials and so on; and

WHEREAS, The concept of a unicameral legislature has been endorsed on a bipartisan basis; and

WHEREAS, Legislation creating such a unicameral legislature was recently tabled by a committee of the Senate; and

WHEREAS, The proponents of this legislation have determined to take the question to the people; and

WHEREAS, In order to qualify for the November ballot signatures must be collected by May 27, 1974; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby go on record as endorsing the concept of a unicameral legislature; and, be it

FURTHER RESOLVED, That the Board of Supervisors endorses the initiative petition being circulated by the organization known as "One-For-All"; and, be it

FURTHER RESOLVED, That the Board of Supervisors does hereby urge citizens of the City and County of San Francisco to sign the initiative petition thereby enabling this question of utmost importance to the State of California to be placed on the ballot for November, 1974, to be voted upon by the people of this State; and, be it

FURTHER RESOLVED, That copies of this legislation be sent to his Honor, the Mayor, for transmission to members of the San Francisco Delegation to the State Legislature and other interested parties, requesting their assistance in the collection of signatures or other appropriate methods of assistance, in an effort to see that the question of establishment of a unicameral legislature be placed before the voters and is passed in the November, 1974 election.

ARGUMENT FOR PROPOSITION "B"

A "YES" vote on Proposition "B" is a vote for good government. It will mark a significant step toward protecting the public from misconduct by its government officials and toward restoring badly eroded public confidence in government activities.

Proposition "B" will supplement, but not duplicate, State law to give greater assurance to the people that their local elected and appointed officials and employees will act in the interest of the public good rather than their own private gain.

Unlike State law, which can be changed by a vote of the Legislature, Proposition "B" will be part of the City and County Charter, which can be changed only by a vote of the people. Proposition "B" will apply to all elected and appointed officials of San Francisco (including members of the Board of Supervisors who are defined in the Charter as "officers" of the City and County).

VOTE "YES" ON PROPOSITION "B"

Proposition "B" states explicitly that if an officer or employee of the City and County has a defined interest in specified City and County contracts or transactions, and his interest is not made known publicly, the contracts or transactions shall be null and void. It makes it the duty of an officer or employee with knowledge of conflict-of-interest violations to report these violations. It forbids disclosure of privileged information concerning City and County contracts or transactions, and it forbids use of privileged City and County information for advancement of private interests, personal and otherwise.

Proposition "B" forbids former officers and employees from appearing as private representatives in certain City and County matters for a period of two years after they have terminated their service or employment. Proposition "B" also forbids City and County officers and employees from accepting rewards or gifts for services rendered, and it forbids officers and employees from participating in any matter in which they have a defined interest that may arise out of a close business association. A close business association would include among other things holding office in or employment by a labor organization, but not mere membership in a labor organization.

VOTE "YES" ON PROPOSITION "B"

Proposition "B" is a strong measure affording public protection because it makes violation of the conflict-of-interest law a misdemeanor, and a final judgment of conviction against a violator must result in his removal from office.

Most importantly, Proposition "B" forbids City and County board and commission members from knowingly voting on or attempting to influence the outcome of governmental action on measures or questions involving the members' defined personal interests.

VOTE "YES" ON PROPOSITION "B"

Proposition "B" will authorize the City Attorney, District Attorney, or any San Francisco resident or group of residents to bring a court action to compel compliance.

Proposition "B" is vitally needed to afford full protection of your interests. The present law is weak, and its lack of any real "teeth" for enforcement is tantamount to no law at all.

Support ethical government for the City and County of San Francisco by approving Proposition "B" and providing safety against conflicts of interest by public officials that promote private gain at public expense.

WHEREAS, A proposed amendment to Article IV, Section 7 of the California Constitution will appear on the June, 1974 ballot designated as Proposition 6; and

RECOMMENDING AND REQUESTING STATE ACTION WHICH WILL PROVIDE FOR FULL STATE AND FEDERAL FINANCING OF THE COSTS OF THE SOCIAL SERVICES PROVIDED IN ACCORD WITH STATE REGULATIONS.

WHEREAS, Federal law restricts the amount of federal funds available to each state to meet 75 percent of the costs of social services provided in connection with the public assistance programs, California's share being about $245.7 million per year; and

WHEREAS, The State of California has allocated 66 percent of the state total of such federal funds to the 58 counties of California, San Francisco's allocated share being $10,676,839 for fiscal year 1974-75 with which to meet 75 percent of the costs of social services provided by the Department of Social Services, both directly and through purchase of service contractual agreements, except for the provision of child day care services which become the responsibility of the State Department of Education as of July 1, 1974; and

WHEREAS, The estimated needs of the City and County of San Francisco for federal service funds for fiscal year 1974-75 to meet the costs of services (except child day care services) required by state law and regulation are $12,177,495, or more than $1.5 million in excess of the amount thus far allocated to San Francisco by the state; and

WHEREAS, The amount of state funds thus far allocated to San Francisco by the State of California for fiscal year 1974-75 as the 25 percent matching funds for the Adult Homemaker/Chore Service program is only $1,431,758 compared with an estimated need for such funds of $2,565,000, representing an anticipated shortage of nearly $1.2 million; now, therefore, be it

FILE NO. 277-74 RESOLUTION NO. 323-74

RECOMMENDING AND REQUESTING STATE ACTION TO ELIMINATE THE REQUIREMENT THAT COUNTIES CONTRIBUTE FUNDS TOWARD THE COST OF STATE PROVIDED CHILD DAY CARE SERVICES.

WHEREAS, By state law and regulation the responsibility and authority to provide child day care services under the public welfare programs is being transferred from the counties of California to the State Department of Education as of July 1, 1974; and

WHEREAS, By state law and regulation the counties must continue after July 1, 1974, to provide county funds towards the cost of such child day care services to the extent that the counties were providing county funds for this purpose during the fiscal year 1970-71, which amount for the City and County of San Francisco equals $281,000; and

WHEREAS, Only 31 out of the 58 counties of California were operating child day care programs during fiscal year 1970-71 and, therefore, for nearly one-half of the counties of the state there will be no requirement after July 1, 1974, for the expenditure of county funds to meet this "Maintenance of Effort" requirement; and

WHEREAS, For the counties which were operating child day care programs during fiscal year 1970-71 there was a wide variation in the extent to which the counties had progressed in meeting the needs for day care services as required by state regulations as is shown by the expenditures of county funds for such purposes of $170,000 by Los Angeles County as compared with $281,000 by the City and County of San Francisco; and

WHEREAS, The present provisions of state law and regulations regarding the maintenance of effort requirements for the expenditure of county funds after July 1, 1974, for the provision of child day care services are not equitable as between the counties of the state and they represent discrimination particularly against the City and County of San Francisco as a result of its early start toward providing adequate services as required by state regulations; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby recommend and request the enactment of state legislation and the issuance of state regulations which will eliminate the inequities which will exist between the counties of California by eliminating the present requirements for the expenditure of county funds towards the cost of state-provided child day care services; and, be it

WHEREAS, San Franciscans have always had a special feeling for the United Nations which was born in this city, and a special hope that it could bring a new sense of peace and justice to the world; and,

WHEREAS, This hope was rudely dashed once again on April 24, 1974, when the Security Council completely ignored the April 11, 1974, massacre of 18 persons in the Israeli town of Kiryat Shemona by Arab terrorists; but then condemned the April 12, 1974, Israeli raid on six Lebanese villages which had harbored those Arab terrorists; and,

RECOMMENDING ENACTMENT OF SB 1512, WHICH DELETES PROVISION TERMINATING PEACE OFFICER STATUS OF AIRPORT SECURITY OFFICERS, IF AMENDED TO DELETE REQUIREMENT THAT SAN FRANCISCO INTERNATIONAL AIRPORT SECURITY OFFICERS BE DEPUTIZED BY THE SHERIFF OF SAN MATEO COUNTY.

WHEREAS, SB 1512, now pending before the State Legislature, would delete the provision terminating peace officer status of airport security officers of Orange and San Joaquin County and San Francisco Airports; and

WHEREAS, SB 1512 contains a provision in Section D thereof that would require airport security officers at San Francisco International Airport to be deputized by, or have the written consent of, the Sheriff of San Mateo County; and

WHEREAS, Since law enforcement by airport security officers at San Francisco International Airport is restricted to the boundaries of the Airport, the requirement that the airport security officers be deputized by, or have the written consent of, the Sheriff of San Mateo County is restrictive to the extent that it could jeopardize Federal certification of the Airport if the Sheriff failed to deputize San Francisco International Airport Security Officers; now, therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco does hereby recommend enactment of SB 1512, now pending before the State Legislature, which deletes the provision terminating peace officer status of airport security officers of Orange and San Joaquin County and San Francisco Airports if said bill is amended to delete the requirement that San Francisco International Airport Security Officers be deputized by the Sheriff of San Mateo County; and, be it

WHEREAS, The general public has become increasingly aware of, interested in, and concerned over the quality and safety of products, merchandise, and services they purchase and use as consumers; and

WHEREAS, Such consumer interest has resulted in certain legislation directed at protecting and informing the public, including the Child Safety Act, which requires the manufacturers of children's clothing to make such clothing flame resistant, and legislation requiring clothing manufacturers to affix permanent labels to their products giving directions on proper cleaning methods; and

WHEREAS, Articles of clothing may not live up to the claims and promises of the manufacturers thereof and are merchandised and sold to consumers through a myriad of independent retailers who may or may not respect such promises as are made regarding the product or to whom a consumer may not be able to look for satisfaction based on such promises where the article was a gift or proof of purchase is impossible; and

WHEREAS, The benefit to consumers from such labeling certainly outweighs the slight burden on manufacturers in requiring the clear identification of their products; now, therefore, be it

FINAL DRAFT

FILE NO. 342-73 RESOLUTION NO. 400-74

DECLARING INTEREST BY BOARD OF SUPERVISORS IN THE CONCEPT OF DEVELOPING AN AREA OF SAN FRANCISCO DESCRIBED AS EASTSHORE PARK; UNDERSTANDING THAT EASTSHORE PARK CORPORATION IS TO SUBMIT A DETAILED FINANCING PLAN WITHOUT COST TO CITY WITHIN 120 DAYS AND URGING DEPARTMENTS OF CITY TO PROVIDE REASONABLE SUPPORT.

WHEREAS, The City and County of San Francisco (City) has for some time endeavored to obtain additional sources of revenue, and has also sought thereby to enlarge its tax base in order to ease the per capita burden of the property taxes on San Francisco property owners; and

WHEREAS, In recent years the City has experienced an exodus of middle-income families and industry which has adversely affected the tax base and the economic climate of the City; and

WHEREAS, The City has severe problems of unemployment, especially among blue collar workers as well as the unskilled, so that thousands of middle-income working families have moved out of San Francisco to seek employment in nearby communities to which industry has moved from San Francisco; and

WHEREAS, The City has a critical shortage of housing suitable for middle-income families which causes such families to move to surrounding communities to find economically feasible housing with open space and recreational amenities that San Francisco has not provided; and

WHEREAS, A California corporation has been formed known as the EASTSHORE PARK PROJECT CORPORATION OF THE CITY AND COUNTY OF SAN FRANCISCO (Eastshore Park) irrevocably dedicated to meet the aforesaid needs of the City and County of San Francisco and through the implementation of its plan, it intends to provide

DOCUMENTS

SAN FRANCISCO PUBLIC LIBRARY

an estimated annual payroll of $260,000,000 including about 22,000 permanent jobs and approximately 26,000 construction jobs plus middle-income housing for 21,000 persons; and

WHEREAS, The Articles of Incorporation of Eastshore Park require it to promote the common good and general welfare of San Francisco and its inhabitants, to conduct its business and affairs in order to ultimately vest in City all right, title and interest that it may have in and to all of its properties and assets, to conduct its business so that no distribution shall ever be made of profits or dividends to its own members or officers or directors or to anyone else other than City and upon termination of its activities to transfer all of its assets to the City; and

WHEREAS, Eastshore Park has been organized as a public purpose corporation pursuant to and subject to the general non-profit Corporation Laws of the State of California; and

WHEREAS, Eastshore Park intends to fulfill its aforesaid purposes by the aesthetic and economic development of approximately 700 acres as an industrial-residential park in the southeastern portion of San Francisco, bounded roughly by the Bay on the east, portions of Highways 101 and 280 on the west, Division and King Streets and China Basin on the north, and Islais Creek on the south; and

WHEREAS, Eastshore Park intends to finance such development by private and municipal financing in such a way as to reduce the cost of industrial, residential and recreational development, particularly through significantly lower interest rates, and to provide the capital necessary for such facilities, all without adding to the tax burden of San Francisco taxpayers; and

WHEREAS, The proponents of the proposed project intend to meet stringent building restrictions and ecological standards, to provide important development of open space and recreational facilities, including major public access to the waterfront, a greenbelt and substantial landscaping and parks throughout the inland portion; and

WHEREAS, Major industries have already expressed interest in locating in or expanding their existing installations in the aforesaid area if so developed to provide a private industry source of major employment and job training for local residents; and

WHEREAS, The present property tax yield of the said 700 acres is approximately $2,300,000 per year and when fully developed in accordance with the General Land Use Concepts suggested by Eastshore Park, that area could yield over $22,000,000 per year for the City; and

WHEREAS, The retention and addition of families, increased payrolls and industry in San Francisco could result in additional sales tax revenues in excess of $8,000,000 per year for City; and

WHEREAS, The Board of Supervisors desires to lower the aforesaid per capita tax burden and create an opportunity to phase out the temporary business taxes heretofore imposed by the City; and

WHEREAS, There are urgent needs in the City for such housing, industrial and recreational as well as open space development and the related necessary facilities so as to remedy the underlying deterioration within the area; and

WHEREAS, The proposed project is desirable for the health, safety and general welfare of the people of San Francisco; and

WHEREAS, Evidence has been submitted that significant portions of the area are obsolete, dilapidated, deteriorated, inadequately planned, underutilized, inadequately and irregularly parceled; there are inadequate streets, open spaces, utilities, parks and underutilization of valuable bay and river resources for aesthetic, commercial and recreational uses, an absence of public bayshore access and parks, a threatened and destroyed marine life, depreciated land values, impaired investments and social and economic maladjustments so that the capacity to pay taxes is reduced; in addition, in some parts there is a growing or total lack of utilization of real property resulting in a stagnant and unproductive condition of land, which land is

potentially useful and valuable for contributing to the public health, safety, and welfare of San Francisco; and

WHEREAS, Several areas are subdivided into numerous small parcels held in wide and scattered ownerships making the private assembly of the land difficult and costly if undertaken by individual owners; and

WHEREAS, This project provides a unique opportunity for the revitalization and upgrading of the area involved without resort to city, state or federal subsidies; and

WHEREAS, The project proposal combines governmental expertise and experience with that of private consultants and sponsor associates to develop and implement a plan that proposes to make joint use of private capital and municipal powers for the benefit of the community; and

WHEREAS, Time is of the essence; now therefore, be it

RESOLVED, That this Board of Supervisors indicates its interest in the project concept hereinabove outlined and presented to it and hereby indicates that Eastshore Park should submit its Land Use Concept and phasing recommendations to the Port Commission for its review, and the City Planning Department for its review in accordance with the applicable Charter provisions, ordinances and environmental requirements of the City, and at the appropriate time to cooperate with the Department of City Planning in the Department's development of an Environmental Impact Report and Master Plan for said project; and be it
